

Please do not pass a Telephone Privacy law that will weaken the Indiana Telephone Privacy Act.

My wife and I are retired. We were getting about 20 to 25 calls a week with many of them from pressure sales people.

Some would even call back. If the law is weakened, we will need to pay for caller ID to screen incoming calls.

Since the Indiana law has been in effect since January, 2002, we have not received any calls except from approved agencies and they are only about 1 to 3 calls a month. The Act has been a real God send.

Thank you,
John Fleming
